RE: Scope determination on countervailing duty order on aluminum extrusions from the People's Republic of China (C-570-968).

1. On 12/03/2013, in response to a request by Traffic Brick Network, LLC ("Traffic Brick"), Commerce issued a final scope determination that individual Gorilla Pipes, i.e., pipes needed to create stand-alone event décor display structures, imported by Traffic Brick are within the scope of the countervailing duty order on aluminum extrusions from the People's Republic of China (C-570-968).
2. Because the imported product, when sold alone as individual pipes (called Gorilla Pipes), without the additional parts needed to form a complete display structure (i.e., two weighted steel bases), and/or in quantities that are not sufficient to form complete display structures (e.g., three pipes are needed to form 1 display structure), are not imported with the necessary parts to complete at least one display structure, Commerce found this product to be within the scope of the order.
3. Continue to suspend liquidation of entries of aluminum extrusions from the People's Republic of China, including individual Gorilla Pipes imported by Traffic Brick described above, subject to the countervailing duty order on aluminum extrusions from the People's Republic of China.
4. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by OIII:RS.)
5. There are no restrictions on the release of this information.

Michael B. Walsh
